## **DETAILED ACTION**

### ***Request for Continued Examination***

1. A request for continued examination (RCE) under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 25, 2004 has been entered. An action on the RCE follows.

### ***Response to Amendment***

2. Applicant's amendment filed on October 25, 2004 has been received and entered in the case.

***REASONS FOR ALLOWANCE***

- 5. Claims 35 – 49 are allowed.
- 6. The following is an examiner’s statement of reasons for allowance:

The prior art of record does not teach or suggest, either singularly or in combination, at least a step of modifying the selected cells to include the polygons or portions thereof found in overlapping placements of the non-selected cells and the placements of the selected cells. Chang et al. (U. S. Pat. No. 6,370,679) teaches a step of modifying the selected cells to include the polygons or portions thereof of the non-selected cells, but Chang et al. does not teach such a step of modifying the selected cells to include the polygons or portions thereof found in overlapping placements of the non-selected cells and the placements of the selected cells as set forth in claims 35, 41 and 46 – 49.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
